What are the Program's components?

The following components of the Community Leadership Program build on each other to create a multi-layered approach to developing leadership.

Facilitated Lead Online Workshops

The workshops offer exciting new insights into leadership principles and practices and are presented by experienced leaders from various sectors who are skilled at translating principles and concepts into practical ideas and techniques. You will be exposed to cutting edge research into leadership, as well as into brain functioning and how leaders can best support and encourage your team, and will leave the workshops with the skills to implement improvements in your own leadership practice.

Individual Coaching

You will receive up to 3 hours of coaching with an accredited coach. The focus of your coaching will focus on your leadership development. Your coach will both support and both challenge you throughout your 7 month leadership journey. Sessions are approximately up to an hour and can be face to face, telephone or via zoom.

Workplace Project

The workplace project gives new and emerging leaders the opportunity to embed their learning and put their new knowledge into practice.

Interactive Leadership Panel

The Interactive Leadership Panel will be made up of leadership experts and leaders from organisations both within and outside the community sector. The panel members will offer their insight into leadership.

"Everything that was set out to be discussed was achieved and it went beyond my expectations. It is about self reflection and opening up to my vulnerabilities as a leader, whilst maintaining professionalism and support to my staff. Leadership is a journey that never ends."
